Farm, Garden and Flower Seeds

Coffeyville, Kansas

Harper, Kansas

Independence, Kansas

LIBRARY

U. S. Department of Agriculture

We invite you to visit our stores and look over our complete stocks of Seeds, Fertilizers and Insecticides, you will be more than pleased with our high quality tested seeds. You will find an analysis tag on every bag for your protection. Fraziers Seeds are acclimated throughout the Tri-State area.

### IMPORTANT SHIPPING INSTRUCTION

Prices quoted are F.O.B. Coffeyville, Independence and Harper, whichever point is closer. These prices are the same as our store prices. If you want field or garden seed shipped by parcel post be sure and add enough postage to cover mailing cost. If you want seed shipped by freight or express you are to pay the shipping charges on delivery.

#### ABOUT WARRANTING SEED

The Fraziers Seed Company, Inc., warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container within recognized tolerances. Seller gives no other or further Warranty, expressed or implied.

## Make every acre do its best by planting Fraziers Top Quality Seeds NOTICE--This is our latest retail price list. Compare prices before you buy.

FERTILIZERS—War preparations are again cutting the supply of all nitrates, superphosphates and mixed fertilizers needed for spring use. We have limited supplies of all fertilizer materials on hand, but cannot get additional supplies in time for spring plantings. Insure your fertlizer requirements by placing reservations on the analysis and quantity you will need.

#### Dear Customers:

Quality is too often forgotten when it comes to buying seed. Usually the buyer gets exactly what he pays for. Many times you have seen bargains in seed offered only to find that it is field run with a pedigree as varied as "Duke's Mixture." This mixture is hard to determine at the time of purchase, but shows up very definitely at the time of harvest. Of course, then it is too late.

We do not claim to be the only producers of quality seed, but we do make an honest effort to provide the best quality seed obtainable. Our customers come back year after year because they appreciate quality seed, especially at harvest time. We have received many testimonials as to the high quality and extra yield of our seed.

Quality seed must have a proven background of selection, breeding, rogueing, cleaning and testing. All are important factors that are included in their cost of production. Eliminating any one of these steps to reduce costs is no more desirable than adding water to milk — The price per pound becomes less, but all the bargain is gone, and the ultimate cost to the consumer is greater.

We have consistently refused to depreciate the value of our products by eliminating any important operation . . . just to be able to quote a cheaper competitive price. As a result our customers buy with confidence.

We shall continue to offer the highest quality seed that our facilities and experience enable us to produce, at a fair price... regardless of competitive pressures to cheapen the value.

We are all reading articles about a feed shortage looming. Most authorities agree that unless we are to have a bumper crop in 1952 and 1953, shortages will develop. Wouldn't it be wise to produce more feed in 1952 to supply the increasing demand?

We suggest that you purchase your requirements of acclimated seed while stocks are available. MAKE EVERY ACRE DO ITS BEST BY PLANTING FRAZIERS ACCLIMATED SEED.

You are invited to inspect our stocks of High Quality, Laboratory Tested Grain Sorghums, Alfalfa, Clover, Cow Peas, Lespedeza, Millet, Soy Beans, Seed Corn and all other field seed as well as our complete line of FRESH BULK GAR-DEN SEED.

Yours\_very truly, FRAZIERS SEED CO., INC.
